Examinations of the Schools.

The public examination of the pupils of the High School will commence to-morrow at nine o'clock A. M., at the High School building, and will continue throughout that day and Thursday. The following committee are appointed to attend the examination: Dr. Pease, Rev. E. J. Goodspeed and Messrs. J. J. R. Pease and H. W. Collins.

The examination in the ward schools will take place on Wednesday, and will occupy but one day. The exercises will commence at 9 o'clock A. M. The examining committee for the several wards are as follows:

1st ward—Messrs. S. A. Hudson, W. B. Hawes, J. Sutherland and Josiah Wright.
2d ward—Dr. A. S. Jones and John Nichols, Esq.
3d ward—Messrs. Levi Alden and S. W. Smith.

4th ward—Messrs. Ira Milhorne and H. N. Comstock.

Parents and all friends of education are cordially invited to attend these examinations. It is desirable that visitors should be present promptly at the hours named for the commencement of the exercises.

As these schools are supported at the public expense, and as their prosperity and efficient management depend very much upon the co-operation of the people, it is desirable that there should be a general attendance on the part of the people to see for themselves, whether there is satisfactory progress on the part of the pupils. We hope, therefore, that every one who feels an interest in the education of the young of our city will be present.

Sudden Death.—Mrs. Horn, aged 78 years, died very suddenly at her residence about noon to-day. She had prepared dinner and had set down at the table with two of her sons, when she fell back and soon after expired. Medical aid was immediately called in but she was beyond the reach of their kindly assistance.

It will be recollected by our readers that her husband died very suddenly something over a year ago in the same way. Thus one by one the aged as well as the young are called to that higher realm and better world.

Spirit Artist.

The drawings made by Mr. W. P. Anderson, of LaSalle, Ill., can be seen at Mr. Newell's bookstore for a few days. These drawings represent deceased persons, and can be obtained by parties who may recognize them as correct likenesses of their friends or relatives. All persons are invited to see them.

Janesville, March 27, 1860. mar27d3

The steamer Queen of the West, Capt. W. R. Foster, commander, will commence making regular trips for excursions to-morrow, after which time she can be chartered by any party or parties wishing to take an excursion upon Rock river.

A NEW DAILY.—We have received several numbers of the Oshkosh Daily Democrat. It is to be a six column paper, and is published by Geo. Carey. Oshkosh is a prosperous town, and if a new daily can be sustained anywhere it can be there. We hope it will prove a successful enterprise.—The Democrat is a republican journal.

Rockford and Kenosha Railroad.—The Rockford News says: "We learn from the very best authority that the iron has been procured, and the preparations for grading made, for laying the twelve miles of road between Genoa and Harvard, before August next. The parties who have the matter now in charge have the means, and they intend that the road shall be completed to Harvard by that time, so as to catch some of the fall trade."

REPUBLICAN DELEGATIONS.—The Iowa delegation to the republican national convention have engaged quarters at the Tremont. The Vermont and New Hampshire delegations will "put up" at the Colston.—From present appearances, all the hotels of the city will be tested to their utmost capacity to accommodate those who will be in attendance at the convention.

SHOOTING SKY ROCKETS INTO A FLOCK OF PIGEONS.—A few days since, while the wild pigeons were flying in innumerable quantities over the city, Mr. George N. Barker, proprietor of the pyrotechnic establishment at the corner of Perry and Superior streets, thought he would see what effect his fireworks would have upon the feathered tribe, and upon trial discovered a new field for sporting gentlemen to humor their fancy. Just as a large flock approached he sent hissing through their midst a half dozen rockets, producing a wild and irrepressible consternation. At once the vast flock would change its course, dividing in all directions, and in many instances great numbers would come to the ground and alight. One large rocket bursting beneath a large flock and shooting out its hungry, fiery, hissing serpents, had the effect to send the whole brood flying upward until it was lost to sight. In many instances large numbers, diving in wild confusion to the earth, were captured by the boys, who, together with many people who happened to be on the ground, enjoyed the sport as peculiarly original, and well worth the "Spirit of the Times."

Cleveland Plaindealer.

In a case before the United States district court in New York, on Tuesday last, Mr. Basted, counsel for a prisoner on trial accused of embezzling from the post office, objected to some of the jurors on the ground that they were over sixty years of age.—Some discussion ensued, and it was finally settled that gentlemen over sixty years of age were disqualified as jurors. A question then arose whether the other objections of the term were legal, as there were jurors above that age on nearly every jury.

No more floating batteries with iron sides are to be constructed by the British government, owing to the Armstrong guns having completely riddled the immensely thick iron plates of the experimental vessels.

Hon. Thomas Corwin, of Ohio, one of the most effective orators of this or any age, is gone to Connecticut to lend his aid to the republicans in their present spirited contest.

TO THE PUBLIC.—Whereas the house of Rev. M. P. Kinney, Pastor of the Congregational church of this city, was destroyed by fire at Racine on the 23d inst.; said house being uninsured and the accumulated savings of many years' labor—his friends are desirous of tendering him a donation, and thus endeavor to lessen the loss so suddenly fallen upon him, and will meet for that purpose on Thursday evening, the 29th inst., at the Court Room, in Myers' block. All friendly to the enterprise are cordially invited to meet with us.

The Elkhorn Independent says Judge Dixon's term expires in December next.—If Judge Dixon is not elected, his term will expire as soon as his successor is elected and takes the oath of office. If he is elected, his term will close in six years from the time Judge Whitton took his seat in virtue of his last election—some three or four years hence.

The Douglas organ at Washington, denounces Col. Forney as a "traitor and trader in politics," and gives people to understand that its presidential candidate and that gentleman have parted company.

The Whitewater Register, says in reply to the Elkhorn Independent, that Gov. Randall supports Judge Sloan cordially.—We have no doubt such is the case, and all rumors and stories to the contrary are founded either in malice or misapprehension.—Free Dem.

Barnum is alive once more, free from his clock acceptances and other creditors, and ready to astonish the world with some new humbugs. During his long, enforced retirement, his long, lean face has assumed an unwonted look of plumpitude; his heavy, thoughtful step his grown elastic. As his pocket book has wasted away, his clothes seemed utterly to have filled out; and if he is worth a few thousand pounds less, at least he weighs a few thousand pounds more, and has secured so much of a better grasp on futurity.

PROTECTION TO MARRIED WOMEN.—An act for the protection of the property rights of married women has been passed by the New York legislature. The Tribune says that the "act will enable five thousand women in our state to earn and save, and live on their own resources, who are now living on sufferance, and whose furniture and even clothing, in the case of each, belongs to a reprobate or drunkard who first deceived, then deserted her, leaving her, to toil in penury for a bare subsistence, liable at any moment to be stripped of her all, by that brute who has made her life wretched."

BARNUM ALL RIGHT AGAIN.—P. T. Barnum made a speech in New York on the 24th inst., stating that since his failure four years ago, he had been engaged in giving exhibitions in musical and commercial speculations, in Europe, which, with the proceeds of his lectures throughout Great Britain, has enabled him to cancel all his Jerome Clock company debts, and preserve a large portion of his estate. He announced himself as again the proprietor of the American Museum, and declared that in every sense, "Richard was himself again!"

A novel case of bribery has recently been decided by the supreme court of Vermont. The facts are as follows: A man went to one of his neighbors, belonging to the opposite party in politics, who was owing him, and offered to discharge a debt of \$165 if he would use his influence to have him elected town representative, and he should be so elected. The bribe was carried out, the vote was thrown and decided the election. The court held that the contract was illegal, and the agreement to discharge the debt invalid.

FATAL ACCIDENT.—On Wednesday the 14th inst., a Scotchman, whose name we did not learn, was killed by the falling in of a wall which he was digging in the town of Oregon, Dane county. He had reached the depth of 22 feet, in the forenoon, and was just announcing the discovery of water, when the earth gave way, burying him ten feet.—It was 10 o'clock at night before the body was recovered. Life was of course entirely extinct. The deceased resided at Lake View, Dane county, and leaves a wife and five children.—*Albany (Wis.) Times.*

GOOD NEWS FOR THE DEMOCRATS.—The Charleston Courier of the 16th says: "An arrival, on Tuesday last, of one hundred and thirty head of beef cattle from Tennessee afforded the market a temporary relief. They were speedily bought up by the butchers at \$11.11 per 100 lbs.—Prices of first quality beef fell to 15 and 18 cents per pound; ordinary to 12½ cents per pound. A small lot of hives from North Carolina was not bought, the drovers asking \$12.50 per hundred, and refusing to sell for less. From letters and other sources of information, the leading of these being of the opinion that, instead of there being a scarcity during the meeting of the convention, it is more than probable that the market will be glutted, and prices not range higher than 12½ for prime beef. A large number of drovers have signified their intention to bring their cattle to market previous to the 20th of next month."

Reported for the Janesville Gazette, by

BUMP & GRAY,
GRAIN AND PRODUCE DEALERS.

JANESVILLE, March 27, 1860.

The wheat market opened firm this morning at yesterday's closing figures, but with quite an increase in receipts and news of a dull and declining market at the lake shores, buyers lowered their views about noon fully to per bushel—good to choice milling spring ranging at 95¢@96¢ and shipping at 91¢@92¢, closing moderately active at those figures. Oats, owing to a better supply, were less sought—receipts about 1200 bushels, which sold at 22¢@23¢. Sales of a few lots of corn at 44¢@45¢ per 50 lbs. Receipts of other grain light and prices unchanged.

We make up prices as follows:

WHEAT—white winter 100 lb. 1.00; good to choice milling spring at 95¢@96¢; common to fair shipping 91¢@92¢. OATS—moderately active at 22¢@23¢ per bushel. BARLEY—dull at 44¢@45¢ per 50 lbs. corn, to choice. CORN—shelled, per 50 lbs. 43¢@44¢; ear per 70 lbs. 30¢@31¢.

RYE—unsatisfactory 60¢@65¢ per 60 lbs. None coming forward.

POTATOES—plenty at 60¢@65¢ per bushel.

TIMOTHY SHEED—scarce and in demand at 22¢@23¢ per 40 lbs.

DRESSED MEATS—selling in small lots at 4¢@6¢@7¢ per 100 lbs.

BUTTER—more plenty at 12¢@13¢.

EGGS—plenty at 75¢ per dozen.

HIDES—green, 60¢@70¢; dry, 10¢, 12¢, 14¢.
